

2014 OPERATING BUDGET - COURT OF APPEALS

- ◆ Court of Appeals receives only operating funds from Cuyahoga County.
- ◆ Court has not received personnel funding from Cuyahoga County since December 31, 2011.
- ◆ Court currently has a funding request before council for a complete computer system upgrade using available 2013 County funds. If funding is not encumbered from 2013 monies, for use in 2014, a funding request will be forthcoming from the Court in 2014. The computer system has reached the end of its life cycle and must be replaced. (Equipment is 5-7 years old).
- ◆ The Court in cooperation with the Clerk will begin accepting documents and pleadings for E-filing on Friday, November 1st.
- ◆ As a result, we may have additional technological needs which are not yet determined. The Court does not anticipate any other requests in 2014.
- ◆ The Court of Appeals strives to maintain efficient operations while mindful of its fiscal responsibility. The Court has historically ended each year well within its budget appropriation and will continue to be a good steward of all funds.
