

Protecting the Public's Investment

Gateway Economic Development Corporation: Major Capital Repairs

October 27, 2015

Maintenance and Repair

- ▶ Gateway: the public's steward in maintaining the quality of the Gateway facilities
- ▶ Teams are responsible for any single individual capital repair costing <\$500,000/\$525,000
- ▶ Gateway is obligated to fund major capital repairs above \$500,000/\$525,00.
- Repairs must be consistent with the scope of the original design, with some adjustment for modernization/competitiveness.

Gateway Major Capital Repairs Process

Approved by Gateway's Board on June 13, 2012

Requests due on or before July 1 of the year prior to repair, unless emergency

Must submit an "Annual Team Report" that includes repair costs, maintenance records and a five-year plan of Major Capital Repairs.

Gateway must prepare analyses of the Annual Team Reports by August 31.

Gateway Board then makes recommendations to the County and the City by October 1
